

Diamond Blade 14" GENERAL PURPOSE

NEW SEGMENTED DESIGN | ASK FOR BGPX14!

NEW

TURBO/CROWN | PREMIUM GRADE

#BGPX14 | Arbor: 1" - 20mm | Max RPM: 5,460

The 15mm Crown Edged Turbo Segments provide fast cutting & extended life unlike any diamond blade on the market today.

The Double Tensioned Core will keep the blade running true, reducing the wobble effect of other blades.

This next generation of diamond blade will provide the speed & endurance you've been looking for.

THIS BLADE WILL CUT

- ▶ Cured Concrete
- ▶ Retaining Wall
- ▶ Concrete Block
- ▶ Reinforced Concrete
- ▶ Brick/Clay
- ▶ Sandstone
- ▶ Limestone
- ▶ Travertine

X-TREME
DIAMOND BLADE

**LONGER LASTING
& FASTER CUTTING**

Longer lasting and faster because of
the unique segment style!
