

TECHNICAL DATA SHEET

EF Efflorescence Remover Specialty Clean

NOTICE

Make sure you have an up-to-date technical data sheet by referencing our website: SRWProducts.com

DESCRIPTION

Specialty Clean™ EF Efflorescence is a product which acts quickly to dissolve efflorescence on pavers, concrete, brick & clay.

APPLICATIONS

- Pavers
- Concrete
- Brick/Clay

PROPERTIES

- Dissolves mineral deposits (efflorescence)
- Restores original surface color
- Contains no muriatic acid or hydrochloric acid
- Ready to use — no diluting needed

COVERAGE

- Up to 200 sq. ft. per gallon (18.58 sq. m. per 3.78 liters).
- Coverage may vary depending on surface and application.

USER TIPS

- Wear eye protection and rubber gloves when applying.
- Test in an inconspicuous area before starting the general application to ensure desired results.
- Wait 60-90 days for new pavers to cure before applying EF.
- Prolonged contact of cleaner on metal or other surfaces may result in etching or damage.
- Saturate vegetation before and after application of EF.
- NOT FOR USE ON: Sealed surfaces, wetcast or natural stone

INSTALLATION INSTRUCTIONS

PREP

1. Thoroughly sweep surface of joint sand, dust, debris or loose material.
2. Spot clean if needed with one of these SRW Specialty Clean™ products:
CD Cleaner & Degreaser, RE Rust Eliminator, MC Mold, Moss & Mildew Cleaner,
OC Organic Stain Cleaner, TR Tar, Gum & Rubber Remover
3. Recommended application temperatures are 50°F - 80°F (10°C - 27°C)

WET

4. Saturate surface & surrounding area thoroughly (including vegetation).

Page 1 of 2

5. Do not allow product to dry on surface. Re-spray if needed to keep area wet. A 2-person application is recommended. Let soak 5-10 minutes.

APPLY

6. Apply EF directly to surface with a sprinkler can. Do not dilute.
7. With a stiff bristle brush, scrub area immediately & thoroughly.
8. For large areas, work in 100-150 sq. ft. (9.29–13.94 sq. m.) sections.
9. If working on an incline, start at the highest point, working in small sections. Scrub from bottom of section, pushing excess EF up over job.

RINSE

10. Immediately rinse surface & surrounding areas (including vegetation) thoroughly with clean water until all traces of foam disappear.
11. Repeat if necessary. Let dry.
12. Wait at least 24 hours to apply SRW Paver Seal™ products.

STORAGE AND SHELF LIFE

KEEP FROM FREEZING. Store container in a cool area with cap or lid firmly in place.

CLEAN UP

Rinse off all equipment with soap and water and let dry.

WARNINGS

CONTAINS SULFAMIC ACID. Avoid contact to skin, eyes, and clothing.

FIRST AID: Wash with warm soapy water if skin contact occurs. For any eye contact, flush immediately and thoroughly with clean water for 15 minutes and seek medical attention. Do not mix with any other materials/liquids except water.

IMPORTANT NOTICE: Since the use of this product is beyond the control of the manufacturer, no guarantee or warranty, expressed or implied is made for the merchantability, fitness or suitability for the use of this product or otherwise extending beyond the description hereof except the obligation to replace that product for portion of shipment proved defective. Furthermore, nothing contained herein shall be construed as a recommendation to use any product in conflict with existing laws and/or patents covering any material or use. Liability is limited to product replacement only. **For information and installation instructions visit, SRWproducts.com.**
